WORK EXPERIENCE

Front-End Instructor | Freelance

Delivered hands-on training in front-end technologies including HTML5, CSS3, JavaScript, and React.js. Guided students in creating responsive and dynamic websites, ensuring they grasp core concepts of modern web development.

Back-End Developer | Freelance Projects

Developed back-end functionality for projects such as a restaurant website and an educational platform, utilizing PHP and MySQL. Integrated back-end services with localhost environments, ensuring smooth and efficient database interactions. Worked on setting up and maintaining databases to support user authentication and other critical features.

Hackathon Participant | Minya Hackathon

Competed in the Minya Hackathon, where I developed innovative solutions and collaborated with a team to create a working prototype within a limited time frame. Contributed both front-end and back-end code, ensuring a full-stack project was successfully delivered.
